

About [Cynopsis Solutions](#)

Cynopsis Solutions is a leading regulatory technology firm that empowers banks, financial institutions, and regulated entities to combat financial crime and maintain regulatory compliance with confidence.

Cynopsis's mission is to make complex compliance processes effortless, even for institutions with lean compliance teams. Cynopsis helps organisations move beyond regulatory obligations by turning compliance into a strategic advantage.

Today, more than 500 institutions across 184 countries rely on Cynopsis Solutions to identify and manage financial crime and fraud risk throughout the customer lifecycle, while meeting regulatory requirements across multiple jurisdictions. Headquartered in Singapore, Cynopsis delivers end-to-end KYC/AML/CTF solutions built by compliance experts to align with the most stringent global regulatory standards.
